## PRESIDENT TO WAGE TREATY BATTLE HERE

Wilson Plans to Carry War for League of Nations Into the Home of Senator Johnson; Solon to Follow Executive

Two Days—Sept. 17 and 18—Itinerary to Be Devoted to Bay Section; Democrats of Oakland Are Reported Split

Oakland will be one of the battlegrounds for President Wilson and Hiram Johnson in their fight for and against the adoption of the treaty of peace with Germany. Magnitude of the verbal fire that will be turned loose throughout the West, and particularly in California, became apparent today when Senator Johnson announced that he will take the stump on the Pacific Coast at the same time as the President, opposing ratification and battling the League of Nations.

At each place that the President presents his argument for ratification, local champions of rejection will make known their cause.

When President Wilson enters the lists in Oakland, on the epoch-making "swing around the circle," he will face a situation as potential of "fireworks" as at any other place on his schedule.

The Alameda county Democratic committee is badly split, resentful of the administration's alleged overlooking of its recommendations for appointments, and several leaders have announced their endorsement of Senator Johnson.

James C. Walsh, secretary of the committee, is warm in his opposition to the League of Nations, and has declared he will follow Johnson.

On the other hand, backers of the President here say that they expect him to triumph over his opponents when he appears personally in the Eastbay district.

The President will reach the bay September 17, according to the present schedule. He will leave Washington, D. C., next Wednesday. His speech-making will be confined to the West and Middle West.

Part of two days the President is to spend in the Eastbay. Gavin McNab of San Francisco received a telegram last night from Senator James D. Phelan, telling of the President's plan.

Wilson will be away from Washington twenty-seven days, returning September 20. He will open his attack in Ohio, the home of Senator Harding, a Republican leader. Both Senators New and Watson of Indiana are opposed to the President's peace plans and he will try to arouse their constituents at Indianapolis.

By leaving California and Idaho, the President will aim blows at two of his bitterest enemies on the treaty—Senators Johnson and Borah.

In Washington the President will speak at Tacoma, Spokane, Portland, and Seattle, and will then return to the West.

Need of Missouri, in whose state two addresses will be made, is a Democratic opponent of the treaty.

The President will speak in the Mormon Tabernacle at Salt Lake City, Senator Smoot, Utah, recently cited Mormon revelations against the league pact.

Senator Johnson virtually opened his speaking campaign last night when he appeared with Senator Reed at a mass meeting in Baltimore under the auspices of the League for the Preservation of American Independence.

Johnson, who is a Republican, Italy and Japan divided the spoils of the war under the guise of secret treaties and that during the war, the powers were appealing from the United States Senate, a privilege that had not been accorded any foreign since Lafayette's visit, to the "forty sentiments and altruistic purposes" of these four "very" poets.

## CHARGES PILE UP FUNDS RAISED TO AGAINST FORMER WAGE FIGHT UPON SCHOOL OFFICIAL APARTMENT MEN

That he obtained three "retroced" three and two extra new tires from the school department, in addition to the four that caused his resignation from the school department, are the new charges piled against Dan W. Pratt, former business manager of the school department, today, as the result of testimony of employees in the department who were in a position to have known of the affair. Pratt, through an employee, offered \$50 for payment for the retroceded tires. The new "spare" tires that he had at his home were exchanged last night for truck tires, and these tires were then sold to the school department. Full details of the entire hearing were transmitted today to District Attorney Ezra Denney, for whatever action he deems best.

E. C. Johnson, storekeeper for the school department, is to be questioned further as to the circumstances of his signing a receipt for tires delivered to him for Pratt's machine. He says that he signed the receipt at Pratt's request and that he never saw the tires in question. Other employees disavow any knowledge of the affair. The requisitions were made out in Pratt's own handwriting, according to Superintendent of Schools Fred M. Hunter, and never passed through the clerks usually handling routine affairs of the kind.

Pratt's resignation was accepted yesterday following the charge that automobile tires ordered for a school truck were in reality being used on his private automobile. Today's hearing followed.

Mother Bear Kills Yellowstone Tourist

SPOKANE, Wash., Aug. 29.—An unidentified tourist was killed by a mother bear near the Old Faithful geyser hotel, Yellowstone National park, according to tourists arriving here. The man attempted to extract a cub which had been caught with its head in an old can on a garbage dump. The mother objected and crushed the man's skull.

## KNOX ADVISES U. S. TO SHUN PEACE TREATY

Senator Declares It Can Never Be Enforced and Plunge Nation Into Countless Wars and Needless Bloodshed

Demands Made Upon Germany Held to Be Excessive and in Some Instances Plain International Law Violation

BY ASSOCIATED PRESS  
LEASD WIRE TO TRIBUNE.  
WASHINGTON, Aug. 29.—Declaring the peace treaty cannot be enforced, and that it will lay the foundation "for centuries of blood-letting," Senator Knox of Pennsylvania, a Republican member of the foreign relations committee and former Secretary of State, told the Senate today that the United States should decline to become a party to the settlement effected at Versailles and should negotiate a separate peace with Germany.

In his "stated and unspoken" terms, he asserted, the treaty imposed on Germany penalties which violate international law and engender strife. He declared there was no reason why the United States should project itself into the dangers of such a situation.

"I think we should renounce," he said, "in favor of Germany, any and all claims for indemnity, and let her get credit for what we renounce."

"TREATY TO OUR OWN ANCESTRAL FRIEND, CHINA"

"I see no reason why we should be parties to imposing upon Germany a treaty whose terms, our negotiators say, she will not be able to meet. A treaty that robs our ancient friend, China, in a way disapproved by our negotiators, a treaty that lays the foundation for centuries of blood-letting into which we should not be drawn; a treaty that, contrary to our own judgment, fails to fix the amount of indemnity to be paid, leaving that vast question to the whim of a future generation; a treaty that provides for a complete and helpless world requires our counsel and support, but leaves to the beneficiaries of the decision the measure and character of the benefactions they are to receive; a treaty that with ominous words presages our involvement in the eruptions of suppressed volcanic world."

Senator Knox said a state of peace actually would be established in the world as soon as three of the great powers had ratified the treaty, and that the United States should make her own peace status complete by ratifying the treaty.

Declaring the foreign relations committee had tried in vain to get information from the German people, he said, he was not sure that the treaty was the best for the world.

"What is it about these things that the people cannot know? What is there to hide from them? Must we take this thing, as the German people must take it, in the light of the treaty, and they may now hope finally to see the whole of the great game played into which they have been drawn, and charged with protecting them from a peace to betray them."

## American-Hawaii Ships Not to Ply From This Port

The American-Hawaiian Steamship Company will not again engage in the trans-Pacific trade from this port, it is announced today in a telegram from Henry Dearborn in New York. The company's vessels, which have been in government service, are to be turned back to the private owners soon. Before the ships were requisitioned by the government the company operated twenty-three vessels with an aggregate tonnage of 157,096 gross tons.

A number of these vessels were in the triangular service between New York, the Pacific coast and the Hawaiian and Philippine islands. Dearborn wired that the high cost of operation is responsible for the action of the company.

WASHINGTON, Aug. 29.—Demand that Congress take immediate action on his resolution calling for a conference of capital and labor was made today on the Senate floor by Senator Poindexter, Washington.

By FRED S. FERGUSON.  
United Press Staff Correspondent.  
WASHINGTON, Aug. 29.—Samuel Gompers, head of the American Federation of Labor, will see President Wilson this afternoon at 3 o'clock, to discuss labor conditions in the steel trade.

It was considered likely that Gompers might suggest that the President use his influence to get Judge Gary, head of the United States Steel Corporation, to move a committee representing the union of the corporation, a move Gary has declined to make.

Meantime, railroad union heads were awaiting a resolution from the rank and file of shopmen on their recommendation that no strike be called for ninety days.

FIRM ON POLICY OF NO SYMPATHETIC STRIKES  
Warren S. Stone, head of the engineers, said his brotherhood has no demand and would adhere to its policy of no sympathetic strikes.

Firemen officers called on Director Hines, who today declared that his reports showed the situation on the Pacific coast is improving.

Representatives of the actors, stage hands, musicians and movie operators were here today, and it was expected they would go before the committee on labor.

UNION WORKERS CHARGE DISCRIMINATION  
Charges that the steel companies are discriminating against and discharging union workers in an effort to break the Amalgamated Association of Iron and Steel Workers' Council, Gary, Ind., follows:

"Your telegram received stating that steel workers are being discriminated against and discharged whole-sale for purposes of forcing strikes. The steel companies are doing the same in many other places, but in spite of this persecution, try to hold the men at work until all available means of settlement have been exhausted. The executive council of the American Federation of Labor is negotiating for a conference with President Wilson today. They are anxious to show their action, a determination to force the issue before the President has had a chance to pass on the merit of the controversy. We are doing all possible to prevent the national disaster of a general strike in the steel industry. Do not strike under any circumstances until the strike date has been set by your committee."

The telegram is signed by John Fitzpatrick, J. J. Davis, E. J. Evans, William Hanson and William Z. Foster.

PEORIA, Ill., Aug. 29.—Peoria's threatened general strike gained little headway early today when police reserves dispersed crowds of alleged radicals who had halted street car traffic for an hour.

An order for a sympathetic strike of all workmen in the city, issued by so-called radicals late yesterday, but not authorized by the trades and labor assembly, was to have been carried out at 7 a. m. today. At that hour, groups of laborers stationed at several points in the downtown section waited for street cars and dragged crowds from them. Most of the conductors and motor men, however, refused to strike. Police broke up the gatherings and traffic was soon resumed.

Hundreds of men have stationed themselves near industrial plants in the city, and are waiting for an additional increase of six cents an hour.

SAN FRANCISCO, Aug. 29.—The battleship Oregon, which is to serve as Secretary Daniels' reviewing stand during the parade of the Pacific fleet here, entered the Golden Gate today.

## STRIKE IN S.F. AND OAKLAND DISTRICT OVER

San Francisco yardmen returned to work at 8 a. m. today, clearing the bay districts of railroad strike troubles.

The quick termination of the strike in this section saved a big crop of perishable fruits. The embargo placed by the Southern Pacific over this territory has been gradually lifted until now freight is being accepted for territory half way down the San Joaquin valley toward Los Angeles.

Fresno railroad employees were expected today to follow the local lead and end the strike.

Employees at San Francisco, who, in a mass meeting, decided to wire Washington a request that the Pacific Electric be taken over, have received no reply to their telegram.

**VOTE AGAINST STRIKE**

The Oakland machinists' union voted last night against a sympathetic strike.

Mails are now moving satisfactorily. The report of Postmaster Joseph J. Rosborough of Oakland and Charles W. Fay of San Francisco, Service to Los Angeles is being conducted by steamer and automobile trucks.

To and a half tons of yeast was sent to Los Angeles by trucks last night to avert a bread famine.

San Jose reports that all switchmen and yardmen returned to work there at a yesterday afternoon. Due to inability to get cars and trucks, the volume of freight is being reduced to a minimum.

## 15,000 DELAYED LETTERS ARRIVE FROM SOUTH

Fifteen thousand letters from Los Angeles arrived at the Oakland postoffice today, the first from the southern city since last Friday. The letters bore dates as far back as August 20, and up to August 26. They came by steamer.

"The mail congestion is about at an end," said Joseph J. Rosborough, postmaster. "The movement is normal, except to and from Los Angeles, and mail to that point is getting through by steamer and trucks, so the delay is much reduced."

A meeting of those who will aid in distribution of the army food supplies was held this morning in the postmaster's office. Rosborough announced that details for the distribution, which will be conducted at the "Defenders' Recreation Club, 13th and Harrison streets, were arranged.

At Fort Mason, army officers say they are still in doubt as to when the supplies will be on hand so that delivery on the parcel post orders can be attempted.

**Plane Falls in Ocean; Aviator is Rescued**

OTTAWA, Aug. 28.—More than first accident connected with the cruise of the Pacific fleet occurred yesterday when a navy seaplane, piloted by Lt. J. H. Simpson, crashed into the sea off San Simon Point, San Luis Obispo county, and its crew was forced to swim ashore.

The seaplane is one of three navy craft which left San Diego for a survey of the coast between that city and San Francisco.

A settlement. Its message denounces the strike.

"It represents the domination of the radical wing of labor," says the telegram. "It represents the deliberate violation of contracts and treats them as mere scraps of paper in utter disregard of the effect on the rights of the public, with no concern for the lives, the health, the comfort or the security of the community."

## HINES WARNS OF HEAVY TRAFFIC

SAN FRANCISCO, Aug. 28.—An appeal to the traveling public to make early reservations for accommodations during the expected heavy travel on Labor Day has been issued by Walker D. Hines, director-general of the United States Railroad Administration. Regional directors have taken steps to provide as much equipment as possible to care adequately for the traffic as far as its volume can be anticipated, the statement said.

Arrival in the next two weeks of the First and Third army divisions from France and return of discharged soldiers will require a great deal of rolling stock, according to Hines, but all that can be spared will be assigned to Labor Day traffic, and extra baggage men at possible points of congestion have been provided.

**RIDE IN HEARSE; SNAP FINGERS AT RAILROAD TIEUP**

SAN DIEGO, Aug. 28.—Consensus among the non-descript crowd of highway travelers, crowding the highway between Los Angeles and this city is a large automobile hearse which has been pressed into service as a passenger conveyance owing to the interruption of railroad traffic. The converted funeral car was reported from Oceanside, headed south and carrying no less than seven passengers, cheerful and cheerful.

COLUMBIA, Mo.—John J. Shaw got here too late for his own funeral. He was on his way from France when services were held, after the war department reported him dead.

## Shopmen Are Urged Not to Strike

Advised to Wait for H. C. L. Cut

WASHINGTON, Aug. 28.—The threatened strike of 500,000 shopmen, which would paralyze the railroads of the country and checkmate the efforts of the Government to battle down the high cost of living, will not be sanctioned by the American Federation of Labor, and was characterized by executive officers of the shopmen's unions as a "fatal mistake."

Soon after President Campers and his associates of the Federation had conferred with officials of the railroad employees' department, a circular letter signed by the executive officers of the railway shop workers' unions was sent to the local unions throughout the country, warning against a strike to force a 25 per cent increase in wages.

The workers were told in emphatic terms that a strike under present conditions would be a disaster to the organization which it had required thirty years of untiring effort to build up.

**CIRCULAR OF WARNING**

The letter to the workers inclosed the letter written by Director-General Hines to A. O. Wharton, chairman of the Board of Railroad Wages and Working Conditions, notifying him that the policy of the Government at this time would be against granting any general increases to railroad workers.

The circular then says: "In our opinion, the importance of this communication warrants the placing of it in the hands of the entire membership."

Any strike under present conditions would be a disaster to the organization which it had required thirty years of untiring effort to build up.

In effect, it is our understanding that this letter is a notice to all railroad employees that there shall be no further increases in railroad wages unless the efforts of the United States authorities prove unavailing in reducing the present high living costs.

The federated shop trades represent approximately 22 per cent of the total number of railroad employees. It may be obvious that in the event living costs are not reduced wage increases must and will be made, and if that is done it must also be obvious that the railroad administration must give equal consideration to all classes of employees.

**WAGE INCREASES DENIED**  
As you are well acquainted with the fact that the Brotherhood of Locomotive Engineers and President Lee of the Brotherhood of Railroad Trainmen are on record to the effect that wages must go up or living costs go down. Coupled with this fact, practically 75 per cent of the railroad employees have made requests for wage increases that are equal or greater than requests submitted by the federated shop trades.

Their requests have been denied, even where it can be shown that they have not been given relatively the same consideration. This means that only adjustments of inequality will be made where it can be demonstrated that such inequities exist.

If the federated shop trades

**Hines Warns Strikers That R. R. Service Must Start Saturday**

WASHINGTON, Aug. 28.—Director General Hines last night warned "public officers, railroad officers and employees and citizens generally of California, Arizona and Nevada" that the rail strike would end Saturday, and that interference would bring swift punishment. The statement follows:

To public officers, railroad officers and employees and citizens generally in California, Arizona and Nevada:

A strike is in progress on the part of the train and engine men and yardmen on the steam railroads being operated by the government in parts of California, Arizona and Nevada. This strike began at Los Angeles purely as a sympathetic strike on account of a controversy between the Pacific Electric Railway company and certain employees of the company. The property of that company is not under the control of the government.

The strike was entered upon without any grievance being presented or alleged. It is a violation of the agreements between the striking employees and the steam railroads, and also of the national agreement between the railroad administration and the chief executives of the organizations to which the strikers belong.

The strike is also an illegal strike under the laws of the United States, and has been so characterized by the chief executives. Many of the strikers have not returned to work, and to a large extent public service is at a standstill. It follows that the only course which the government can adopt is to exercise its entire power for the purpose of rendering the public service and the President has so instructed.

All striking employees who do not report for duty on and after 7 o'clock on Saturday morning, August 30, when they are called for duty, will be regarded as having terminated their employment and their places will be filled.

Any one who interferes with or impedes the operation of any railroad property under federal control commits an offense against the United States, punishable by fine and imprisonment, and will be prosecuted.

Any one who obstructs or attacks persons assisting in operation of any railroad will be guilty of the offense described and will be dealt with accordingly.

Any one who obstructs the passage of the mail likewise commits an offense against the United States.

**SPECIAL TICKET BOOTHS**  
In order to facilitate the movement of the expected large crowds who will desire to travel to San Francisco to view the entrance of the Pacific Fleet into San Francisco Bay, the Key System has arranged for extra ticket booths at Key Division stations and passenger cars requested to purchase tickets at these points before boarding trains.

This additional service is furnished for the convenience of our patrons and it is further suggested that tickets for the return journey be purchased at the same time in order to avoid the rush of returning sight-seers at the San Francisco Ferry Station.

For the convenience of our regular commuters, the September commutation tickets will be on sale at these special ticket booths.

## Wilson and Johnson to Speak Here

League of Nations Battle Imminent

(Continued from Page 1)  
During Thursday night for San Diego. He arrives in Los Angeles Saturday and leaves Sunday night in order to make connections for Reno, Nev. I have suggested a short speech at Sacramento on the way out of the State. Oakland should place a share of Wednesday or Thursday. The President also should appear to San Jose and thus see the country and enjoy an outing.

"I think he prefers to stop at hotels but my house on Washington street is available for his use if the committee wants it. I regret that as he travels by night to and from South he cannot make platform addresses at intervening points. He has to be in Reno Monday night."

**PRESIDENT WILL VISIT THIRTY CITIES**  
WASHINGTON, Aug. 28.—President Wilson will visit thirty cities during his tour of the country in the interest of the peace treaty, and will be absent from Washington until September 30.

He will leave here next Wednesday night.

The President will start on his trip much relieved at the turn national problems have taken in the last few days. He is said to be particularly pleased over the stand of railroad shopmen leaders, who have urged the men to defer action for at least 30 days, and with the action of brotherhood chiefs in siding with the railroad administration in the strike dispute on the Pacific coast. He takes these "hangs" as an index of labor's attitude.

The President is said also to feel that national labor leaders, now in conference here with Samuel Gompers, will throw their influence in favor of his plan for an industrial truce and act as a balance against unauthorized strikes and radicalism.

The President's car will travel as subject merits.

## AIRPLANES CRASH, ONE CRAFT BURNS

MARINA, Tex., Aug. 28.—Two airplanes, piloted by Lieutenants Johnson and St. John, crashed together in the darkness near here tonight, while returning from Presidio. One ship landed following the crash and the other machine was wrecked. Major Hill and Captain Taylor, who were attached here, accompanied the aviators today on their patrol of the border as military observers, but none of the fear was badly injured in the accident. The crash occurred as the planes were returning to their stations at Hayes Field.

# MARRIED 25 YEARS; PART, MAKE UP

After a quarter-century of happiness together, during which time their family of seven grew up in their home, Gustave C. Gallagher, owner of a San Francisco print shop, and his wife, Mrs. Jessie Gallagher, came to the parting of the ways.

She complains that he did not increase the family allowance in proportion to the increased cost of living and that she and the two children suffered in consequence. The difference about it grew serious and he went away. She sued for divorce and the other day in court was allowed \$100 a month temporary alimony, pending a trial of the case.

Today Attorney T. L. Christensen, representing the wife, filed a disclaimer of the action, and said they are living happily together again at their home, 2907 Fulton street, Berkeley, having reconciled their differences and made up.

# Law for Landlords Is Threatened

## Subscribe Fund to Fight Gougers

(Continued from Page 1)

A shipowner, who had the ship in the yard, would have the ship at 90 per cent of the market value, and the owner of the ship would have the ship at 90 per cent of the market value.

"Already many have called me up at Oakland 1889, and they're back of the movement," she said. "I am planned to have all who desire to assist, deposit \$1 or more in a fund to form an apartment house defense fund. This would enable the association to employ lawyers."

The TRIBUNE today received more letters and telephone calls regarding the alleged rent gouging.

The following is one of the letters received:

Editor The TRIBUNE: I am much interested in the "Rent Control" urged by the Hotel Apartment Protective Association's spokesman, D. C. Gordon, and I would like to know if there is not a general raise in prices intended for October 1st, the report of the association's meeting which was typed and sent to its members was not given for publication.

In it are told that we would pay \$75 a month at a second-class hotel for a Class B, two-room apartment, for which we now pay \$40 a month.

Now I have lived in a second-class hotel and I had my rooms cleaned daily, my bed made, clean linen, etc., supplied but I had no \$75 per month. In the apartment where I am living we have no janitor service, no hot water, no coalers, no elevators or other conveniences except being near the City Hall. I have always had my own electric and gas bills. I furnish my own linen, dishes and cooking utensils and the landlord receives this report advising the rise.

Thanking you for your courtesy, MRS. A. R.

# Bolsheviks Killing Women, is Report

Exclusive cable to the International News Service and London Daily Express.

GENEVA, Aug. 29.—Eight hundred persons, including women and children, have been massacred by the Russian Bolsheviks in revenge for the loss of Krusinski and other White Guard troops, said a Helsinki dispatch to the Journal today.

The red officials at Petrograd have increased 15,000 persons, including numerous foreigners who do not know what their ultimate fate will be. Many wives and children of White Guard officers are said to have been seized by the reds as hostages.

# Fifth Burglary; Same Place; Pictures Taken

The Oakland House of Nobles, 1015 Broadway, is rich in the latest, the fifth burglary today reported this morning. Valuable pictures and novelties were taken, the loot amounting to \$200.

The same place has been burglarized four times in the last twelve months. The first burglary, the loot was valued at \$80 in cash was in May. The other thefts to \$200.

Inspectors Tracy and Smith went to the scene at 4 o'clock. Fingerprint experts were sent to the store to take impressions.

"The United States is bound up in every one of the obligations and duties incident to the enforcement of these terms with the great responsibilities attached thereto."

When the negroes had lost again, one of the other players, Sam Eaton, started to leave the room, and the shooting started. Lovett testified on the stand that Martin fired the first shot toward Eaton. Dykes, he says, then fired two shots over the table, and one of these killed Arthur Woodward, one of the participants in the game.

On the stand this morning Lovett wore the same suit that he had on when the shooting occurred. A feature of his testimony was the display of a bullet hole in the coat, which he says he discovered several days after the shooting.

The examination was continued. Military authorities at the Presidio have given the Oakland police complete custody of the negroes and they will be held in the city prison until after examination. The investigation was conducted by Police Inspectors Thomas Gallagher and Thomas Wood.

## MRS. HARNER IS A HAPPY WOMAN

Gains Nineteen Pounds—"Just Seems Too Good to Be True."

"I am so happy over the wonderful improvement of my health since I commenced taking Tanlac I just want to tell everybody I meet about it," said Mrs. H. H. Harner who lives at 156 West 41st place, Los Angeles, the other day.

"It just seems too good to be true," continued Mrs. Harner in speaking about her recovery to health by using Tanlac. "For I was in a wretched health for about six years, and everything I had tried in the way of medicine and treatments had failed to do me any good at all. In fact, I had about given up all hope of ever finding a medicine that would overcome my trouble. What I suffered during these years on account of the awful condition of my stomach, simply cannot be told in words. Every time I ate anything I would have terrible cramping spells afterwards. I was nervous, too, and such a thing as a good night's sleep was out of the question with me. I just seemed to lose all my strength and energy and finally got so weak and rundown that I could hardly get about at all. I went down in weight from one hundred and seventy-seven to one hundred and forty-nine pounds, so you can imagine how much I must have gone through."

"Well, about five weeks ago I decided to give Tanlac a trial and see if it would do me any good and just in that short space of time I have actually gotten back nineteen pounds, so you can imagine how much I must have gone through."

"I am not quarreling that our all his making Germany pay the full price. I do quarrel with requiring our treasure and our blood for all time in the future to preserve the spoils of war to England, France, Italy and Japan under secret bargains."

"The stain upon our national honor, which we never could ef-

BALTIMORE, Md., Aug. 28.—Senator J. W. Johnson, Republican of California, in an address last night in opposition to the League of Nations, declared that sentiment for the league covenant was passing, and more information on the terms and provisions of the league was known. He assailed the secret treaties of England, France, Italy and Japan, and the Shantung provision of the league treaty, and concluded by urging adherence to the "American way" in foreign policy.

"The pitiless logic of events is gradually dispelling the halo with which its advocates have enveloped the so-called league of nations," Senator Johnson declared. "Continuing, he said:

"The unbridled and irrational emotionalism which greeted the suggestion of a league of nations before the terms were known and the provisions understood is with the lapse of time gradually passing. The President went to Paris to make a treaty of peace in accordance with the contracts secretly sealed and delivered among England, France, Italy and Japan. We talked of what the treaty should contain, but the treaty, when written, contained what the other nations wanted and followed their secret bargains."

"An integral part of the treaty is the League of Nations. What the treaty does the league guarantees. The duplicity practiced by the four great powers upon the United States is now by the League of Nations fastened forever upon the world."

"I am not quarreling that our all his making Germany pay the full price. I do quarrel with requiring our treasure and our blood for all time in the future to preserve the spoils of war to England, France, Italy and Japan under secret bargains."

"The stain upon our national honor, which we never could ef-

## This Job Requires a Married Man That's Why Barzee Won Position

If L. D. Barzee, the new school business manager, hadn't been married, he wouldn't have been school business manager, but for not with the vote of Mrs. D. L. Short, of the Board of Education. As far as Mrs. Short is concerned, "No unmarried man need apply."

Perhaps Mrs. Barzee, the school business manager, gets into so many fights, and needs good fighting experience, who knows? Anyhow, Mrs. Short isn't in favor of single men in school executive jobs.

"Is he married?" was the question that Mrs. Short asked when Superintendent Fred M. Hunter recommended Barzee, who had been his own secretary, for the job left vacant by the resignation of Don W. Pratt.

"Yes, he's a married man with no bad habits," said Hunter.

"That's all right then," said Mrs. Short. "I would want a married man for an office of this kind, especially as the schools are primarily for the benefit of the city's children."

As secretary of the school board Barzee will be commander in chief of a small army of clerks, and stenographers. If he weren't married, he'd be in the grooves of the school board.

Barzee, who is to carry out with him the Shantung decision of the peace conference held upon the whole of the world, our friend and ally in the war.

"America has never failed in any world war," Mrs. Short said. "The world has been to the cry of distress and civilization's appeal. We alone must determine when and how we came to the rescue of any people or any country. To submit to an assembly wherein one of the powers has six votes and we have but one is a challenge to our self-respect and our patriotism. There is no one reason for us to pursue and that is the way that has been ours from the birth of our country to the present—the American way."

It is possible of being married as soon as Don Pratt got on the job by telling that business manager's story.

However, other authorities in the city hall don't agree with Mrs. Short. They feel a man ought to be married before he can hold down a business manager's job.

"My best men, some of them, aren't married," said Chief of Police J. E. Lynch. "They seem to be more capable of holding down a job than outside their business."

"What's the difference whether a man's married or not?" asked Commissioner W. J. Bacon. "So long as he does his work I don't care."

However, Barzee's married, so there's no dispute about it any more. And he's got the job.

**BEN STURGE MYSTERY.**  
TIPPIN, Okla., Aug. 28.—Mystery is being created by the disappearance of a young man, who was last seen at the home of his mother, Mrs. Sturge, on the corner of 10th and Broadway, on Sunday night, August 24th. The man, who is about 25 years of age, is of medium build, with light brown hair, blue eyes, and a mustache. He is wearing a dark suit and a light-colored shirt. He is said to be a very capable and intelligent man, and is believed to be a member of the local police force. His disappearance has caused much concern among his family and friends, and the police are making every effort to locate him.

**Notice to Commuters.**  
Going to the large number of passengers that will be required to travel to San Francisco on September 1st, due to the arrival of the Pacific coast mail, monthly commutation tickets will be sold for the route on the train at that date.

A special detail of trainmen will also be placed on the trains to sell tickets for the remainder of the week for the remainder of the week. Tickets will be sold for the route on the train at that date.

In order to avoid inconvenience, and delay commuters are requested to purchase their September tickets in advance of September 1st. Tickets will be sold for the route on the train at that date.

## Robbed, Beaten, Man Vanishes; Wife Hunts

Everywhere the disappearance of J. H. Murphy, age 45, who has not been seen by his wife since he left his home in Auburn, Cal., a week ago.

Mrs. Murphy arrived in Oakland on Sunday and appealed for the support of the Oakland police.

Murphy was residing at 384 Tenth street, having there divulged the fact that Murphy had been held up and beaten in San Francisco on August 24. He was robbed of several dollars. A report of this robbery was made at Central station, Oakland, by Murphy himself, police records show. The man then dropped out of sight.

Murphy is suspected by his wife. Murphy's description follows: Weight 170 pounds, height five feet six inches, gray eyes, ruddy complexion.

## Husband Threatened to Kill Her, Plaintiff

Mrs. Irma Shannon charges in her divorce complaint against Edward Shannon that he beat her, cursed her, choked her and threatened to kill her. She says he grabbed her by the throat and hurled her across the room and that his cruel acts are of so extreme a nature that to have continued living with him would have endangered her health and life.

## Court Adjourns As Tribute to Woman

EVANSVILLE, Ind., Aug. 28.—For the first time in the history of the Vanderburgh County circuit adjournment was taken the other day out of respect to a woman. An hour's recess was taken during the funeral of Mrs. John Foster, wife of a former clerk of the court.

# TO WEED OUT 'TECH' PUPILS, OVERCROWDED

A general reorganization of high school classes, on a basis of districts is contemplated in the districting system, work on which was started today by the school authorities, and which will come before the Board of Education Monday for approval. Students will be assigned to the high school nearest their homes, except in special cases, and students from various distant parts of the city, who are living in the neighborhood have been crowded out.

Included are many students from Piedmont. Oakland is forced to close for Piedmont's high school students under the state law that a high school district must care for any pupils of another school district where there are no high schools. Piedmont's President, Fred M. Hunter, holds that they may be assigned to any high school desired.

The Technical High school is especially in demand and the result has been a better registration since it has been in existence. This year the registration has far exceeded the capacity of the school. Many students from other cities, knowing that they can be burred if there is a school in their own city, have entered for "false registration," according to the school authorities, listing themselves as Oakland residents from an address in Oakland, whereas as a matter of fact they reside in Berkeley or Alameda. These are being checked up and will be suspended if they are not bona fide residents. In the case of the Technical students, they will be transferred unless there is a special reason for remaining at the particular school, and their places given to applicants from the neighborhood who have been crowded out. The plan has been given the sanction of the school board.

# MRS. DOOLEY'S ADVICE TO WORKING GIRLS

Milwaukee, Wis.—"I wish all girls who work and suffer from indigestion, nervousness, general weakness, would profit by my advice and take Lydia E. Pinkham's Vegetable Compound. Before I was married, when I came home from work at night, I would be just worn out with pains which dragged me down. I took Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I can work every morning until night and it does not bother me, and I wish all girls who suffer as I did would try Lydia E. Pinkham's Vegetable Compound."—Mrs. H. Dooley, 1125 25th St., Milwaukee, Wis.

Working girls everywhere should profit by Mrs. Dooley's experience, and instead of crawling along from day to day with life a burden, give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. It has overcome just such conditions for thousands of others, and why not for you? For special advice, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.

## SUGGESTIONS TO PASSENGERS

On San Francisco Pier 14, September 1st, travel from East Bay points to San Francisco will be very busy.

By order of the Government, ferry boat service must be discontinued during the absence of the ship, between 11:00 a. m. and 1:00 p. m.

In order to accommodate our passengers desiring to go to the entrance of the Pacific Fleet into San Francisco Bay, this company will operate extra trains and boats to San Francisco on September 1st beginning at 6 o'clock in the morning.

We respectfully urge our passengers to take early trains for San Francisco and avoid the rush.

Common tea is half tannin and half poor tea-flavor. When you make it, the tea-taste develops first. It hardly gets going before the tannin comes along and smother's it. Tannin, the rank, harsh, injurious—what people use to tan leather with.

Try Schilling Tea, the tea with abundance of rich tea-flavor. You'll never go back to common tea.

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

## FRECKLES

Don't Hide Them With A Veil; Move Them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee. —Advertisement.

## EASTBAY SOCIETY NEWS

### Eastbay Matrons Prepare Lunch For Sailors

Oakland society is on the out vive to make ready for the welcoming of the men of the Pacific fleet when it rides at anchor Labor Day in San Francisco bay. Wednesday being officially designated as Fleet Day in this city, the women of the Eastbay Matrons' Recreation clubs of Oakland, Berkeley and Alameda and of the Canton on the mainland (Mrs. Wallace Alexander, president of the latter) have given their support to the fleet committee. Mrs. Alexander's corps will assist Mrs. Georgia Hodgman in preparing the box lunches which are to be served the men at noon and in the evening on the lake shore.

Mrs. George H. Morrison is captain and under her are Lieutenants Mrs. Owen Hottle, Mrs. Emily Elliott of Alameda, Mrs. Ernest Stendenhall and Mrs. Howard Furness.

Others assisting are Mrs. Russell Field, Mrs. George Baker Jr., Mrs. Carl Enchelder, Mrs. Madeline Jones, Mrs. Joseph Hoyt, Mrs. George Lavinton, Mrs. Clinton Walther, Mrs. Harry East Miller, Mrs. Samuel Featherstone, Mrs. E. J. Boyd, Mrs. C. A. White, Mrs. Sylvia de Wit, Mrs. Allen, Mrs. Chester Jamison, Mrs. D. C. Haslett, Mrs. McKee Sherard, Mrs. P. A. Jordan, Mrs. W. B. Gester, Mrs. William Pette, Mrs. Samuel McLaughlin, Mrs. W. L. Barker, Mrs. Homer Craig, Mrs. William Dodge, Mrs. James M. Eichen, Mrs. Kendall Moran, Mrs. Drake, Mrs. Felix Santalier, Miss Lillian Downing, Miss Dorothy Allen and Miss Allen and Miss Anne Barbour.

Former plans which called for the entertainment of several hundred marines at the Wallace Alexander home in Piedmont have been set aside, the committee having decided to center the entertainment within the lake vicinity.

Over at the Defenders' Club, Thirdteenth and Harrison streets, open house will be kept from 9 a. m. until midnight, while in the afternoon there will be dancing from 2:30 until 6 o'clock, the personnel of the girls' division to assist the hostesses, Miss Christie M. Taft, chairman of the local Defenders' club, extends an invitation to all club workers, past and present, to assist next Wednesday in uniform.

Besides the men of the fleet, the club will welcome all men in service or who have received their discharge. Refreshments are to be served. Mrs. John Page of Berkeley, 14th, chairman of the canton, has sent out a call for donations of cakes for the men that day. Those wishing to help entertain the men in this way may telephone Mrs. Page either at the above number or Lakeside 2726.

**FAREWELL TEA FOR MRS. MARK REQUA**  
Mrs. Mark Lawrence Requa and her two daughters, Miss Amy and Miss Alice Requa, are about to return East, leaving taken apartments in New York for the winter. One of the interesting farewell parties will be at the Hotel Claremont. The

wedding will take place September 20. Stetlin recently received his discharge from the service. Miss Catlin is a graduate of the Schools of Arts and Crafts in Berkeley. The wedding will be a beautifully appointed home ceremony, to be followed by a honeymoon spent at Lake Louise and in western Canada. The couple will motor back to California.

Mrs. M. J. Dillman and her daughter, Miss Pauline Dillman of Sacramento, are expected to arrive in the bay cities next Monday from Vancouver, British Columbia. Miss Dillman is the fiancée of William D. Meron.

Miss Amy Requa arrived yesterday from southern California, where she has been visiting the John Russells, parents of her fiancé, John Henry Russell.

**GUESTS AT CLAREMONT HOTEL**  
Dr. and Mrs. Emil G. Beck and their daughter, Miss Elizabeth Beck, are registered at the Claremont Hotel from Chicago, the family coming to the Coast to place Miss Beck in the University of California, which she enters as a freshman. They will make their home at the hotel for the college year.

Mr. and Mrs. J. S. Jenks have closed their Oakland home and with their daughter, Miss Elizabeth Jenks, Crawford is connected with the and son, C. N. Jenks, are living at transitory department of the University of California.

### Craved Easy Life, He Says; Passed Checks

Fred G. Walker, alias A. N. Cahal, a former bank teller at Seattle and "three-time loser," gave us his excuse for passing bad checks on the Oakland Bank of Savings, when tried before Police Judge Mortimer Smith, that he was tired of working in the shipyards and craved a little of "the easy life."

Walker's capture was brought about in a sensational manner by a watchman in the Mission District, San Francisco, who fired two shots after him after a chase of five blocks last Saturday. Walker had attempted to cash in on a check at a Mission bank by the same method he is alleged to have used in defrauding the local bank.

Police Judge Smith held Walker to answer in superior court and set his bail at \$2500.

Walker's brother is attending the University of California.

Mr. and Mrs. Nathan P. Cole and their two children, who have been spending much of the summer at their Napa county country home, are at the Claremont for a three weeks' stay.

Professor and Mrs. R. G. Crawford are at the hotel, guests of his mother, Mrs. J. W. Crawford. Professor Crawford is connected with the and son, C. N. Jenks, are living at transitory department of the University of California.

### Home Students Served First

Pupils living in Piedmont, Berkeley and Alameda who have registered at the Technical high school will probably be barred from the institution to make room for Oakland students, according to action by the board of education today. The school is badly overcrowded, more than 6000 students being registered. School Director Eugene Young today charged that many pupils were from other cities and were occupying places that should be rightfully taken by Oakland students.

"We have been checking up such cases," said Superintendent Fred M. Hunter, "and are transferring or dismissing outsiders when possible. In some cases there have been false registration of addresses and suspensions are following when these are discovered."

The school board, under the state law, is compelled to accept Piedmont pupils as Piedmont has no high school, but has the right to transfer them to any school in the city. According to Director Young pupils living within a block of the Technical high school have been unable to enter the institution for lack of room. Superintendent Hunter is planning a system of distributing about the school that he says may solve the difficulty.

### GIRLS! USE LEMONS FOR SUNBURN, TAN

Try It! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Advertisement.

## E. L. ORMSBY CO.'S

NEW CLOAK and SUIT HOUSE

### Opens Tomorrow

SATURDAY, AUGUST 30, 1919

The public is invited to call and see Oakland's prettiest, daintiest and most up-to-date high-class Exclusive Specialty Store. For many weeks we have been preparing for this event; not alone in the store's fittings, but in the purchasing of a stock suitable for the Eastbay women.

Our Mr. Ormsby has secured the cream of the Eastern Markets and we feel confident that the styles displayed will meet with your approval; come in and look us over. We will be pleased to show you.

#### We Will Specialize

on Ladies' and Misses' Suits, both in plain tailored and fancy novelties, Dancing Frocks, Dinner Dresses, Afternoon and Evening Gowns, Street and Tourist Coats, Evening and Party Wraps, Rich Furs, Silk Petticoats, Waists, etc.

#### Our Styles

We will carry exclusive high-class authentic models. Our aim is to have things so different that it will be impossible to find the same styles elsewhere.

#### Quality of Merchandise

We will carry the best we can procure for the money. We "taboo" imitations; our cloths and linings will stand the wear; nothing but dependable merchandise here.

#### Our Prices

will be as reasonable as we can possibly make them, consistent with expense, and a just profit to overcome losses. Considering quality, our prices will be cheap, but our goods will not be "cheap"; there's the difference.

#### Our Policy

is to satisfy the customer in all things. We will be sticklers on service; no transaction so trivial but what it will get the same attention as one more alluring. It's "the little things" that lead to greater ones. We will watch this; we will brook no misrepresentation by employees. We invite inspection and comparison.

#### Our Terms

While we believe in everybody being better off in strictly adhering to buying what they can afford, there are occasions where honest people need accommodation and when we know (as does a bank loaning money) that purchasers are responsible—good for anything they can buy—we will cheerfully extend this class of customers credit; we will take a middle course; for we can easily show cash buyers that we will save them money. Our prices will not be inflated to cover long-time credits. We will convince you how to practice "thrift."

#### A New York Office

will be permanently maintained; you will have the benefit of the latest creations as they may appear in the metropolis and we will also be in daily telegraphic communication as to the trend of the Parisian and far Eastern markets.

There's a true saying "great oaks from little acorns grow"; realizing this and sensing what the people want we hope to gain your good will and keep on growing in your favor. With this introduction we bid you

A HEARTY WELCOME

#### A Word About Our Location

At 469 13th street, next door to the Owl Drug Company, corner Broadway, across the street from Smith Bros' book store. It's the most central, convenient and accessible store in Oakland, in the best part of the retail shopping district—a transfer point to Richmond, Berkeley, Albany, West Oakland, Piedmont and Lake Shore avenue. Cars pass the door for Hayward, Elmhurst, Livermore, San Leandro, Fruitvale, Melrose, East Oakland, Niles, Alameda, etc. Fix it in your memory—469 13th street, corner Broadway.

Our phone number (not yet in the book) is LAKESIDE 4700.

#### Our Fitting and Alteration Department

Will be in charge of competent heads. We know of a lot of good customers lost to stores where the work is botched. What a poor "ad" it would be for us to send out garments so ill-fitting that friends would criticize.

#### THE PERSONNEL OF THE STORE

No business can succeed unless the people behind it have the confidence of their customers.

EDGAR L. ORMSBY—long a resident of Oakland, has served the women of this side of the bay in the Cloak and Suit business for many years; he has severed connections and discontinued partnership with any and all other firms.

Miss JEAN A. HANLEY—Secretary and Treasurer of the Company, has been manager and buyer for two of the largest Cloak and Suit houses in San Francisco for many years. Miss Hanley is well known in the New York markets—has a host of friends on both sides of the bay—and hopes to greet them here.

## NEBRASKA LOPS STATE BOARDS

LINCOLN, Neb., Aug. 29.—Nebraska is now conducting its civil administrative government under a new law by which many state boards and commissions are eliminated and their duties taken over by six main departments, each with a secretary at its head.

This system of administrative government, authorized by the last state legislature, is similar to that adopted in Illinois several years ago. The new law, known as the civil administrative code, gave Governor Samuel R. McKelvie power to name the state department secretaries, all of whom are responsible to him for the conduct of the affairs of their departments.

The department of finance, agriculture, trade and commerce, labor, public works, and public welfare, are the names of the six big divisions of the state's government.

### Sergeant Camp to Keep 'Open House'

"My Dear Sergeant: Wednesday, September 3, will be Fleet day here in Oakland, and I will be in the office all day to assist you and members of your guard, by information or otherwise. Oakland will give you one of the best times that you have ever had. Lots of dining and other amusements. The door is open. Walk in."

The above is a letter that Sergeant Camp of the Marine Corps recruiting station at 927 Broadway has sent to all the first sergeants of the fleet. The fleet has about 3000 marines and they need more. Discharged marines can enlist for service with the fleet.

## Dressmaking Taught in Afternoon Classes

New afternoon classes in dressmaking and millinery have been organized for the Oakland evening high school, 2401 and Jefferson streets. The afternoon session is from 2:50 to 5:05 o'clock, and courses are arranged as far as possible to suit the convenience of women who have duties at home.

Classes in shorthand meet every afternoon and are designed to give short and intensive training. Gregg shorthand is taught.

# FIVE MILLION. STEAL, SPRUCE PROBE FINDING

PORTLAND, Ore., Aug. 28.—That \$5,000,000 was squandered, misapplied and converted to the use of the Chicago, Milwaukee and St. Paul Railroad company in the construction of the Siemens-Carey-Kerbaugh spruce road through the Olympia peninsula is the official finding of the congressional investigating committee.

The report was signed by Representative James A. Fear of Wisconsin, chairman, and Walter W. Magnus of New York, constituting a majority of the committee. Clarence E. Lea of California, democratic member of the committee, did not sign the report.

**PROBE COMPLETED.**  
The committee, which has just completed an extensive probe of the spruce administration at Seattle and will open hearings here today, forwarded its initial report to Secretary of War Baker last night, in which it found "those directly responsible for excessive expenditures, used in addition to large business interests, should be held to a strict legal responsibility."

The report asserts that the Siemens-Carey-Kerbaugh road was undoubtedly built at government expense for the ultimate use of the Milwaukee line.

The report declares that the expenditures of the spruce production division were "wasteful and unnecessary," and concludes by saying that "further investigation may disclose conditions upon which a recovery can be had against John D. Ryan and others who are responsible for this wasteful expenditure of public funds."

## ROAD SALE OPPOSED

"We would rather see this railroad and the mills scrapped than to have the government sell them to the Chicago, Milwaukee & St. Paul railroad company," said a prominent member of the committee in a report in reference to the spruce road line built by the Siemens-Carey-Kerbaugh corporation of New York from former timber on the line of the Chicago, Milwaukee & St. Paul by way of Lake Crescent to Lake Pleasant, Clallam county, Washington.

The report declares that this "line was built and to carry spruce logs and other products, having nothing to do with the operation of the Milwaukee line for commercial purposes and is a short cut to Grays Harbor."

## GENERAL CRITICISM

The committee also said that the sale of spruce production holdings "constituted a serious financial loss to the government," and that the "sale of the holdings should be taken place in public form, on September 2 next, be sold."

Representative James P. Dugan, a former commander of the spruce district, and a president of the Spruce Production corporation, is severely criticized for "deceiving the choice of the spruce road." It is pointed out that Secretary of War Baker had previously approved at the time the road was built, which would have entitled the Chicago, Milwaukee & St. Paul to the use of the road and that the road was built "apparently without a license, and without the prior decision of the secretary of war."

## BRIDE RELENTS: SAID WEDLOCK WAS SLAVERY

Mrs. Mary S. Higgins, 18-year-old bride of Cleone W. Higgins, Telegraph avenue garage owner, has changed her mind. Now she is again wearing the wedding ring which she discarded as a "band of slavery." The divorce case, in which Higgins was plaintiff, was dismissed today, and according to Attorney J. W. Gwill, they are living together in contentment.

When young Higgins returned from service in the navy he found, according to his complaint, that she had discarded the wedding ring, sold the engagement ring, sold the Liberty bonds, the furniture, the wedding presents and pawned his watch. In fact, he said, she had wiped the matrimonial chart clean of anything that could recall the marriage. She said she didn't want a home, that she didn't want him, that he was an old grouch, and that she wanted to entertain soldiers and have lots of excitement, he said. When he remonstrated with her she claimed her pretty feet and screamed at him. But now it is all different, and she is happy in possession of the very things she wanted to destroy and forget, and the thing that have been forgotten are the things that made them both unhappy. No more will she listen to the whispered gossip, which, according to the attorney, was chiefly responsible for the drama that for the time being would not admit a happy ending.

## LIVING. *High cost* *or it*

RETAILER PUTS COST BLAME ON JOBBERS.  
LINCOLN, Neb., Aug. 29.—The retailer has his turn yesterday in the inquiry into the high cost of living conducted by the state department of agriculture. Grocers and dealers in fruits and vegetables without exception said there was no competition by the two principal jobbing houses of Lincoln. Three retailers said exactly the same prices were quoted them by Grainger Brothers and Store Brothers. Joseph De Klotz, who said he had been in the grocery business for thirty years, said his net profit for the past year was but little over 4 per cent. He also said the profits of the jobber was much larger than that of the retailer.

### FLOUR PRICES RANGE FROM \$9.00 TO \$10.00

NEW YORK, Aug. 29.—The United States Grain Corporation, in a statement today on the result of its weekly purchase of wheat flour, announced that it purchased 408,855 barrels at prices ranging from \$9.00 to \$10.00.

### CHICAGO SEES PORK PRICE HIT TOBACCO

CHICAGO, Aug. 29.—Chicagoans today saw their efforts against the high cost of living rewarded by a steadily declining price list. With hogs selling at the stock yards here at \$3 lower than they were three days ago, and \$5 less than the record price reached July 31, practically all other food commodities in local markets showed lower figures.

Reason for the slump in living costs was given as a desire by packers to quit killing livestock while housewives continue to use sparingly of fresh meats.

Meanwhile, farmers continued to ship stock to the Chicago stock-

yards, fearing further lowered prices. Consequently, pens were crowded beyond capacity, the effect of the abundance being felt in other lines.

### LOS ANGELES PAYS MORE THAN CHICAGO FOR HOGS.

LOS ANGELES, Aug. 29.—Higher prices are being paid in Los Angeles for hogs than in Chicago, according to an official of the Cudahy Packing company, today.

Although there has been an almost proportionate reduction in prices, a shortage of supply in this locality brings \$18.50 per 100 pounds, as compared with Chicago's price of \$18. The present strike has nothing to do with the increase, the official declared.

In the past month there has been no reduction in beef.

There have been no reductions in grocery prices here in the last month, according to General Manager Shurtliff of the Los Angeles Wholesale Grocery company.

### Postoffice Delivery Will Be Extended

Authorization to extend the carrier service into the Lakeshore park district was received this morning by Postmaster Joseph J. Robertson from the First Assistant Postmaster General. The new service will be inaugurated at once. Delivery will be made on Alma and Hopkins streets, Excelsior avenue and Chatham road in the Lakeshore district south of the ravine.

As a result of repeated requests on the part of residents of that district that they be given carrier service, Robertson took the matter up with the postal authorities in Washington and his request has been complied with.

## Jingle Jolts

(By Harvey E. Westgate)

The cry for speed goes on and on, and echoes round the world, as this old earth speeds on its way and through the air is hurled; we dwell ourselves in record time and swallow breakfast while, and then we speed our flippers up to reach our daily goal.

We rush to reach the office, or speed to reach the store, and when we start to get some lunch we speed a little more; we swallow cups of coffee, three sippers and a steak, and then we speed to work again and have a tummy-ache.

And when our work is finished, as end a speedy day, we jump right in our speed machine and madly speed away; we eat a hasty supper, and then go out to ride, and court a speedy dame who is sitting by our side.

But as the years speed by us, and we can speed no more, Old Father Time whips up a bit and speeds right in the door; he says he cannot linger for he must hurry, too, and then your friends speed to the house and say goodbye to you.

## CHICKEN BROTH AND WINDOW IN TROUBLE LIST

Poking one's finger into chicken broth to ascertain the quality is offensive, very offensive, to the proprietor of the Acme cafe, Sixteenth and San Pablo avenue.

But to poke one's fist through a plate glass door? That becomes a malicious mischief in a court of justice.

Jennie Morris Hume was tried and found guilty in Police Judge George Samuels' court yesterday. It was testified that Hume rushed into the Acme at 1 o'clock on the morning of August 30, "Chicken broth, chicken broth, quick," he is said to have gasped between breaths. "Stick friend, chicken broth."

There was no chicken broth. Hume then demanded that a fresh chicken be killed and converted into broth. The chicken broth was produced.

According to the allegation, Hume stuck his finger into the broth. He complained of the quality.

As he stormed out of the place the door wouldn't open. A Hume fist went through the glass. Now Hume must pay the glass bill or bear the consequences.

It was found guilty and notified to appear for sentence August 30, after making reparation with the cafe.

## SECY. WILSON REFUSES DATA ABOUT MOONEY

WASHINGTON, Aug. 29.—Secretary of Labor Wilson refused to inform the House of the activities of the Department of Labor, may at present be conducting in the case of Thomas J. Mooney, convicted of bomb-throwing in the San Francisco Preparedness parade.

The information was asked in a resolution of Representative Blanton of Texas, recently passed by the House.

It is not deemed compatible with the public interest to make public the present activities affecting Mooney, Wilson wrote Speaker Gillett.

The secretary also refused to reveal the detailed activities in the case since November 1, 1919, as requested by the resolution, and refused to itemize the expenditures of all the government agents and investigators in the case. The only statement of the secretary shedding light on the information the House desires, says:

"The Department of Labor, through its investigation bureau, is to report alien anarchists. Its investigations in the case have developed elements that lead to the Mooney case."

At the end of September, the exact date yet to be determined, the membership of the association comprises 240 publishers.

## U. S. PROBLEMS TOLD AT LUNCHEON

First of a series of community luncheon to be given by the Sons and Daughters of Washington, held yesterday at Harrison Hotel. Dr. Bernard C. Russell was the principal speaker. In a terse appeal he exhorted the audience to become active in the promotion and extension of the Americanization movement of the service. He pointed out the problems facing the country by the exodus of the foreigner that is threatening to paralyze the industry.

The fact that we are facing problems of education and immigration proves that we have failed to demolish those who came to our shores, said Dr. Russell. The exodus threatening to paralyze the industry is the result of our failure to do something for the immigrant in order to attach him to his chosen land through an organization like that of the Sons and Daughters of Washington.

Joachim Meneses spoke in behalf of the junior branch that has been recently formed in this Market-street neighborhood. It operates jointly with the vocational evening high school and holds meetings every night, either at the Armory Hall or the classrooms of the high school. Meneses pointed out the remarkable change that has taken place in many of the youths between 15-21 who formerly, either through bad environment or otherwise, gambled their wages away and finding themselves in a condition of distress were up to the eyes in debt and crime.

John Schepeler, who presided at the luncheon, expressed the hope that these inspirational luncheons will be continued and that the society will receive ample support from the public.

## Ex-Convict Nabbed As He Leaves House

As he was leaving the house of 504 Harrison street, this morning, Frank Williams, ex-convict, was nabbed by inspectors. Williams, 35, was arrested on a charge of having stolen a car. He had been taken into custody by Charles Carter, Pacific Coast Company, who turned him over to the police. According to the police report, Williams was investigated and it was found he was a two-time loser, having been sent up to San Quentin a first time for holding up a car and a second time for numerous burglaries committed in numerous houses. Williams later is being held in connection with Williams.

## Wrecked Auto is Found in Ditch

The finding of a wrecked automobile at 11th and Chubb streets today caused a police investigation to be maintained on the theory that someone was hiding there.

The car was a four-door sedan and some of the parts, plates, fenders and in the rear number 155-501. It was found that the car had been driven into a ditch, with the top being broken and the windshield smashed. It had run down a steep bank into a city wire from a fire hose. The machine was wrecked.

The police are trying to find the owner of the car to gain a view to those who stole it.

## PART IN ANGER; DIVORCED; MEET; DECIDE TO WED

Less than one year after they parted in anger and disappointment, Ira D. Harrison of Albany and his divorced wife, Mrs. Irene C. Harrison, met yesterday at the home of their mutual friends and decided that their divorced could return to them only by their mutual forgiveness and forgiveness. They secured a marriage license and renewed their promise to love and honor each other till death do them part.

Chief of the differences that led them to the parting of the ways was their conflicting ideal over the eternal question of child care. She contended that they were for the time sufficient and each other. She was only 19 and he was but 19. She looked out longingly for the day when she would have more of it to her self with him alone before inviting the little ones to monopolize her time and attention and she would have with the tremendous responsibility. He couldn't see it that way. It was important to him that his son to college, to see his daughter at her place. They parted about a year ago. At the trial of their divorce his father testified that for them to try to be happy together was futile, that their differences were irreconcilable. A little time apart and they learned that it was very easy to yield a bit and be reconciled, each to the other's views. As they were married again yesterday, on the first anniversary of their first wedding.

## OAKLAND WOMEN TO REMOBILIZE

The Women's Army of Oakland is to be organized. Mrs. Marion Anderson, commander-in-chief, has sent out the call, and all members are preparing for another campaign. Their work this time will be to win support for the new health center and building. The campaign will take place during the week beginning September 22.

The group will hold its first meeting to prepare for the campaign at Ye Liberty theater, at 2 o'clock next Thursday afternoon. Oakland has been requested to make their own jobs and then in turn their neighbors and neighbors. The group will be Mrs. Anderson, Dr. Daniel Crook, chairman of the Oakland committee; Dr. Richard A. Gold, director of the public health center; and Mrs. Martha Pope, former four-minute man.

## Of Interest to Commuters

Because of the expected heavy traffic from San Francisco to San Francisco on First, Second, Third, and Fourth streets, the Key Route in making its commuters to purchase their September commutation tickets before September 1st.

Arrangements have been made for extra cars on the route of Saturday, August 30th, and Sunday, August 31st, to sell commutation tickets, and the September route will also be on sale September 1st at special ticket booths to be established at various stations in the Key Route for the morning of that day only.

For the convenience of those traveling to San Francisco on next Monday, the Key Route has arranged for a sale of one-way tickets at special prices at all of their stations. In this way passengers will be able to buy their tickets both to and from San Francisco, before leaving, thus making advantage of this opportunity to avoid the rush at the San Francisco Ferry Ticket office.

## FRESHIES HAVE TO SCRUB BIG 'C' ON HILLSIDE

BERKELEY, Aug. 28.—Armed with buckets of water and brushes and rounded up by industrial sophomores, freshmen students at the University of California spent several hours last evening scrubbing great paint from the "C" on Charter Hill.

With pick at the base they were attempting to remove the paint from the "C" on the hillside. The paint was applied by the students in the summer of 1918.

Students emerged from classes to behold the results of the freshmen's work. Last night the "C" was turned and where the freshmen had labored gleefully, the sophomores had labored to remove the paint. The "C" was turned and where the freshmen had labored gleefully, the sophomores had labored to remove the paint. ## SUN'S RAYS CAUSE COAL YARD FIRE

Internal combustion, following upon the heat of the past few days, caused a fire early this morning at the P. C. Frederickson coal yard, 1625 Fruitvale avenue. For a time it was thought that the flames would reach huge piles of wood and coal adjacent to the banked coal which burned as a result of sun concentration.

Nominal damage was reported by fire officials. The fire had been in progress several days and nights before reaching the open air, according to the firemen. Not until several lines of hose had been utilized did the conflagration die out.

**SANTA CRUZ SARDINES**

—and ready to serve

No matter if an unexpected visitor or unexpected work has occupied your day—you can have your meals on time if you keep on hand Santa Cruz Sardines. No preparing is necessary—just open the can and they're ready.

But don't regard Santa Cruz Sardines as a makeshift or substitute dish. Our special "Reimer's" methods of packing renders Santa Cruz Sardines a delicious food—

—wholesome, digestible, appetizing

Santa Cruz Sardines are thoroughly cleaned, then placed in packing tins. Superheated steam under pressure is applied. This parboils the fish, sterilizes the can, and produces a food, firm, sweet, free from the vegetable oils. Santa Cruz Sardines are steam cooked and not fried in oil as are ordinary California sardines.

This method—used by us exclusively—enhances the delightful sardine flavor. It procures a quality and flavor unobtainable in any other method of canning sardines.

Today—order Santa Cruz Sardines from your grocer. Keep a supply constantly on hand. Use them for lunches, sandwiches, picnics, emergency meals—whenever and wherever a quickly prepared meal is desired.

## COAST SHIPPERS TO PROTEST RATES

Delegates from Seattle, Portland, Tacoma and other coast ports, are en route to San Francisco in response to a telegraphic summons to attend conferences of the Pacific Coast Shippers Traffic Association, beginning tomorrow.

The meetings were called to consider means of laying before the Railroad Administration the present situation with reference to freight rates in the coast trade. Under existing rates coast shippers are paying rates of from \$1.25 to \$1.75 per hundred weight on steel from Pittsburgh while Japanese competitors are able to secure a through rate to Japanese ports of \$1.20 on the same products.

"We hope to secure through these meetings concerted action that will reduce the desired rates," said J. H. Bishop, chairman of the association and representative of the Southwestern, San Diego and Los Angeles yards. "We hope to be able to lay before the Railroad Administration the situation whereby local yards are forced to pay \$30,000 in freight charges on steel for an \$800-ton ship."

Under the plan of support in the matter have been received by the association from Congressmen Julius Kahn, Charles F. Curry, John P. Baker, H. Z. Osborne and H. E. Darrow.

With the arrival of delegates from the various coast cities meetings will be started Saturday noon and continued throughout the early part of next week.

## TELEPHONE RATES TO BE REVIEWED

Whether the present telephone rates are too high and prove a burden to a decrease of whether they will remain at their present level is the question to be solved by the State Railroad Commission at a series of conferences, beginning September 15. The hearings will be held at the Hotel Oakland, San Francisco.

Over 400 telephone exchanges, together with city and county officials throughout the state are invited to testify by that such hearings would be held. The rate increases, allowed under government control, may be canceled by the state board if they are found unreasonable.

At the time that the federal control over wires went into effect the State Railroad Commission endeavored to continue its rate-making powers through the intervention of courts. The United States supreme tribunal, however, gave all such powers to the government.

The announced inquiry will be on the nature of a thorough study and the federal rates will be questioned from the first. Private control over the lines and absence of wartime conditions have brought about the necessity for a new rate-determining council, according to the state officials.

## ARCHDUKE JUMPS BACK INTO ARENA

ALBANY, Aug. 28 (The Associated Press)—Archduke Joseph, recently ousted as head of the Hungarian government, returned to the political arena today, addressing several deputations of citizens in Budapest, he declared Hungary would "rise from her grave" and again would occupy her former position in international affairs.

Stephen Kenedy, premier under the new government, is publishing a new government in which he plans the peace with Hungary.

## Man Arrested as He Leaves Prison

DEAN WORTH, known Aug. 25, John Griffin, alias Edward Dugan, was arrested as he left the federal penitentiary this morning, after a confession of his sentence. As he stepped through the gates, he was seized by police and is being held in the county jail for a California sheriff.

Griffin is on parole from the California state prison, after serving a term of 10 years for a robbery. He was released from the state prison in 1917, but was taken back to San Quentin to finish his term. This was Griffin's fourth prison sentence. He was convicted in Seattle, Wash., October 6, of counterfeiting and was sent to the federal prison at McNeil's Island. He was transferred to the Leavenworth penitentiary April 15, 1917.

## Telegraphers Elect Johnson President

CHICAGO, Aug. 28.—Lester H. Johnson of Chicago last night was elected president of the Commercial Telegraphers' Union of America. An effort to have passed resolutions censuring Postmaster General Burleson, Newcomb Carlton, president of the Western Union Telegraph company, and Theodore N. Vail, head of the American Telephone and Telegraph company, was decisively defeated.

Following loss of the recent strike of commercial telegraphers, S. J. Kienkamp, who had been president of the union several years, resigned.

## SAYS GERMANS SACK DANZIG, THREATEN RUIN

(Exclusive cable to the International News Service and the London Daily Express.)

GENEVA, Aug. 28.—The Germans who are evacuating Danzig are systematically sacking the city and trains are transporting machinery and material of all kinds to Berlin, according to Robert Vaucher, the Journal's Petrograd correspondent, who has just arrived here by way of Danzig. He declared that the Germans are terrorizing the population in territories where plebiscites are to be held shortly threatening reprisals that will run the people unless they vote in favor of the Germans.

Under the peace treaty Danzig, which formerly was a German port on the Baltic, becomes a Polish territory.

## THREE MORE LAND IN U. S. DRY NET

Three new arrests on liquor violation charges are before the Federal authorities today in connection with the raid started by the police and Federal authorities, in saloons here, and in which seventeen men were arrested, counting the three new prisoners, facing hearings before the United States commissioners' court in San Francisco today. The new arrests are: Samuel Santini, 114 Broadway; Mitchell White, 531 Franklin street; John Powell, 1333 Broadway. All are at liberty on \$500 bail each.

The Oakland raids followed detailed investigation of the liquor situation here by Chief of Police J. F. Leland, last sent out policemen several weeks ago, visiting various saloons, ascertaining where liquor was being sold and how, and obtaining samples. With this information, Leland placed the entire matter before United States Attorney Amelio Adams, who instructed the Federal marshals' office to co-operate with the Oakland chief in slugging arrests. The "drive" has been on for two days.

Cunningham Estate is Valued at \$70,616

Official appraisement of the estate of Dr. A. L. Cunningham, late clerk and physician and surgeon, filed in the office of County Clerk Gross, shows the estate to be of the value of \$70,616, composed largely of stock, land and other property.

The estate is valued as a community property shared by the widow, Mrs. Heltha E. Cunningham.

GETS 18 MONTHS.

SAN FRANCISCO, Aug. 28.—Charged with the counterfeiting of silver dollars, George H. Carmichael, alias Edward Davison, was sentenced to 18 months in McNeil island penitentiary following a plea of guilty.

Sentence was passed by Federal Judge William C. Van Fleet after testimony had been given by Harry M. Moffitt, chief of the secret service here, who arrested Carmichael in San Jose.
